Thank you to all the HFO partners who donated in 2016! Over the past year, Henry Ford OptimEyes has offered a monthly eye care clinic at the Capuchin Soup Kitchen in Detroit. Founded in 1929, The Capuchin Soup Kitchen serves Metro Detroit by providing food, clothing, and counsel to those in need. Typically preparing and serving 2,000 meals a day, the Capuchin Soup Kitchen also offers clothing, household items, a food pantry, children's tutoring and art therapy program, an organic urban farm, and a bakery designed to assist individuals re-entering society after bouts of incarceration or substance abuse.

Many of the Capuchin guests have not received eye care in many years, if ever, and are extremely appreciative of our services. As of today, there is a long list of guests who have signed up for future clinic dates. Without your past and continued support, this on-going eye care clinic could not be possible.
